

Empowering Women Physicians: Revitalize Women Physician Circle Launches New Membership Community

August 25, 2023 - Revitalize Women Physician Circle (RWPC), a leading platform dedicated to empowering and supporting women physicians, announces the launch of its new membership community. Built on the principles of empowerment, growth, and community, RWPC's membership offers a transformative space for women in medicine to connect, learn, and excel.

Real Change Through Action

RWPC's new membership community is a game-changer for women physicians navigating the dynamic healthcare landscape. Recognizing that real change happens through action, the community provides the tools, insights, and resources needed to thrive amidst evolving challenges in the industry. With a focus on personal and professional growth, RWPC offers a nurturing environment to help members embrace life's transformations and redefine their priorities.

A Network that Nurtures

RWPC's membership community goes beyond traditional networking groups. It offers a supportive network of like-minded peers who truly understand the intricacies of being a woman in medicine. Members can tap into a wealth of perspectives, insights, and support that is often hard to find locally or within existing circles. Women physician coaches and facilitators guide and enable the community.

Inspiration, Support, and Diversity in Perspective

With RWPC's membership, women physicians gain access to inspiration, support, and diversity in perspective. The community's unique approach fosters vulnerability, personal introspection, and growth. Members can explore fresh insights, receive candid feedback, and take bold actions towards their career aspirations.

Unlocking CME Opportunities

RWPC's commitment to member growth extends to offering Continuing Medical Education (CME) opportunities. Members can engage in asynchronous learning through the Revitalize Library, participate in virtual live sessions, and benefit from deep dive group and individual coaching. This additional benefit helps members further their professional development while utilizing company-sponsored CME funding or as a business expense for tax purposes.

The "EM Revitalized: Celebratory Networking Event"

In line with its mission to celebrate and empower women in medicine, RWPC is thrilled to announce "EM Revitalized: Celebratory Networking Event." This event is set to take place at the ACEP Scientific Assembly in Philadelphia, PA, on October 10. The event is a tribute to emergency physicians who are diversifying their careers beyond the traditional emergency department setting. It will be a night of networking, inspiration, and recognition of these trailblazing women who are remarkably expanding their horizons.

This Event is sponsored by CORE Ultrasound and [Emergent Medical Associates](#) (EMA). CORE Ultrasound is an educational platform dedicated to disseminating quality, ultrasound resources across all specialties. EMA is a leading provider of emergency care and episodic care management services to patients, communities, provider groups and hospitals throughout the Western United States.

Revitalize Women Physician Circle's commitment to supporting women physicians remains unwavering. The launch of the new membership community and the upcoming "EM Revitalized" event highlight RWPC's dedication to empowering women in medicine to reach new heights.
